Invitation to the next Annual General Meeting of the University Women of Europe in Kyrenia, Cyprus. This year, the AGM will be combined with a one-day conference, the theme is: "Women and sustainable environment".

Women play a key role in the management, conservation, exploitation and utilization of natural resources as consumers and educators, our focus will be on the issues and the impact of women arising from the current situation in Europe. Why does sustainable development depend on women? How to build equal sustainable development?

We are looking forward to meeting you, exchanging ideas and continuing to be engaged in the work towards an improvement of women's lives in Europe and all over the world. The conference is open to all members of the University Women of Europe and their friends.

The Turkish Cypriot Association of University Women (TCAUW) is happy to host the UWE Annual General Meeting 2022. The city of Kyrenia is the hidden jewel of the Mediterranean full of magnificent historical monuments that provide timeless glimpses of glorious days gone by. The Kyrenia Harbour is a great example of the town's rich history, with streets of old Kyrenia town exuding Ottoman architecture, leading up to the Venetianbuilt Kyrenia Castle beautifully towering over the harbour.
